## New Line: Fendt

For those that may not yet have heard, Van's Implement is now proud to be a dealer of AGCO's Fendt line of tractors. Fendt tractors deliver unmatched performance and reliability, and are backed by a world-class warranty.

The heart of a Fendt tractor is its Vario transmission – the world's first, true, continuously variable transmission. Infinitely variable speeds allow the machine to operate at the optimal engine speed for a given ground speed. The result is lower RPMs during fieldwork, resulting in noticeably lower fuel consumption.

Models available include:

### 700 Series

- 712 Vario (132 hp)
- 714 Vario (147 hp)
- 716 Vario (167 hp)
